

## GLUTAVIR INJECTION

### Glutathione (600mg)

## **PRODUCT INTRODUCTION**

**Glutaveri 600mg Injection is a medicine used in the treatment of liver disease. It also has a number of other health benefits and protects the body cells against damage caused by free radicals.**

---

## **USES OF GLUTAVIR**

**Liver disease**

---

## **BENEFITS OF GLUTAVIR**

**Glutaveri 600mg Injection protects the liver from damage against harmful chemicals known as free radicals, thereby improving overall health of the liver. This helps the liver to perform its normal functions. It is given as an injection by a doctor or nurse and should not be self-administered. To make the medicine more effective and for general health benefits, stop smoking, maintain a healthy weight, and do not drink too much alcohol.**

---

## **SIDE EFFECTS OF GLUTAVIR**

- Injection site reactions (pain, swelling, redness)**
- 

## **HOW TO USE GLUTAVIR**

**Your doctor or nurse will give you this medicine. Kindly do not self administer.**

---

## HOW GLUTAVIR WORKS

Glutaveri 600mg Injection belongs to a class of medications called antioxidants. It works by protecting the liver from harmful chemical substances (free radicals), thus preventing liver damage.

---
